The Process

1 Loan Enquiry & Application:

To initiate the process, fill out our application form or send an email to bdm@hanacapital.co.uk with a brief summary.

Within a few hours, one of our decision-makers will contact you to discuss your needs.

2 Approval of Principle:

Upon receiving the brief, we will provide an “approval of principle” document that outlines the terms and conditions of the proposed loan.

Additionally, we provide instructions on the subsequent steps to be taken.

3 Valuations and Legal

Once the “approval in principle” document has been signed, we will direct our valuers and lawyers accordingly. It is important to note that the borrower also needs to engage a property lawyer to work on their behalf.

4 Loan Completion:

Upon completion of all required documentation and due diligence, you may proceed to draw down on your bridging loan and finalise your transaction or refinance.

Our Principles

We prioritise honesty and efficiency. We never make commitments we can't fulfil, and we strive to complete every task swiftly. As leaders in our industry, we value transparency and are proud to uphold it.

Transparency

There are no hidden payments and charges, and we will provide you with all the pricing information from the outset.

Service

We devote our undivided attention to each loan application, finding a tailored solution that fits the unique project.

Speed

If you require a short-term loan, it's important that the process is fast, flexible, and stress-free.

Borrower Types
